

For several European research projects in Hannover I am looking for people willing and able to work in Hannover for at least one year (up to 3 years) as research assistants. As he/she will work in an international environment, knowledge of German is not a requirement, working language would be English.

He/she should hold a law degree, have profound knowledge in IT-law, be available soon, willing and able to move to Hannover and planning to do either our LLM-program and/or to write a PHD-thesis in the field. Specific knowledge of data protection and/or experience with European research projects would be an advantage.

Persons interested should contact me as soon as possible via E-mail.

Prof. Dr. Nikolaus Forgó

Institut für Rechtsinformatik / Institute for Legal Informatics Leibniz Universität Hannover

Königsworther Platz 1

D-30167 Hannover
